MOSTAFA AHMED

FRONT-END DEVELOPER

PROFILE

Mostafa Ahmed: is a student at Ain Shams University Faculty of Law. He began learning programming in 2022 and developed a strong passion for the field. Since then, it has become one of his primary interests.

I excel in logical thinking due to my understanding of algorithms and data structures. I enjoy working collaboratively and assisting his team, considering teamwork crucial. I am talented at breaking down complex problems into smaller ones and solving each methodically. Moreover, I possess fast typing skills, enabling me to work efficiently on the keyboard.

PROJECTS
